## AUTHOR AND SUBJECT INDEX

### A

- Acute polyarthritis produced by lipopolysaccharides in rats (N. Padmanabhan and H. Selye), 320
- Adolescence, Effect on bronchial asthma of female puberty and (Lucia Fischer Pap), 733
- Aerosol, Clinical evaluation of a new triple drug, for asthma (A. A. Goldfarb and A. Romanoff), 307
- Albicans as an allergenic factor, *Candida* (A. Liebeskind), 394
- Algae: A cause of inhalant allergy in children (Thomas R. McElhenney, Harold C. Bold, R. Malcolm Brown, Jr. and John P. McGovern), 739
- Allergenic factor, *Candida albicans* as an (A. Liebeskind), 394
- Allergic, convulsive and behavior disorders, Electroencephalographic patterns in children with, (William M. Fowler, Jr., Ernest M. Heimlich, Richard D. Walter, Robert E. Smith, Herbert J. Grossman and Jo Helmy), 1
- Allergic diseases, Evaluation of skin tests with insect extracts in various (Emanuel Hellreich), 805
- Allergic reactions to oral antibacterials in hypersensitive patients. Part I. (William C. Grater), 480
- Allergic reactions to oral antibacterials in hypersensitive patients. Part II. (William C. Grater), 593
- Allergic reactions to tetanus, diphtheria, influenza and poliomyelitis immunization (Robert E. Smith), 809
- Allergy, respiratory, Resprum (librium-theophylline-ephedrine compound) in the treatment of bronchial asthma and (J. Warrick Thomas), 789
- Alum-precipitated pyridine pollen extract, Observations on (G. Everett Gaillard, Ruth Schellin and Robert A. Mayers), 81
- Aminophylline, Rectal (Norman Traverse and Maurice S. Segal), 182
- Anaphylactic hypersensitivity, Histochemical mechanism of (Z. Z. Godlowski, J. D. Calandra and H. J. Baron), 437
- Anaphylactoid reaction and localization of certain calciphylactic syndromes, Effect of cyproheptadine on the (Hans Selye, Giulio Gabbiani and Beatriz Tuchweber), 777
- Anderson, R. C., Powell, C. E. and Henderson, F. G.: Pharmacological evaluation of the bronchodilator action of a combination of isoprophenamine and methapyrilene in experimental animals, 299
- Animals, experimental, Pharmacological evaluation of the bronchodilator action of a combination of isoprophenamine and methapyrilene in (C. E. Powell, R. C. Anderson and F. G. Henderson), 299
- Antibacterials, oral, Allergic reactions to, in hypersensitive patients. Part I. (William C. Grater), 480
- Antibacterials, oral, Allergic reactions to, in hypersensitive patients. Part II. (William C. Grater), 593
- Antibody, Comparison of results of various tests for blocking (Harry S. Bernton, Dorris C. Chambers and Merle V. Querry), 511
- Antidepressants in allergy, The use of tranquilizers and (Maury D. Sanger), 705
- Antihistamine methapyrilene, Clinical studies with isoprophenamine, a new bronchodilator, with and without the (Bennett Kraft and James G. Armstrong), 386
- Antihistamine, New: Piperidyl maleate compound in allergic rhinitis (200 patients) (Ben C. Eisenberg), 523
- Antihistamine, parasymphathomimetic and sympathomimetic, Evaluation of a new drug combination of. Ragweed hay fever therapy (Albert L. Sheffer and Merle M. Miller), 90

## INDEX TO VOLUME 20

- Antihistamine tablets in allergy, Use of multiple miniature long-acting (Jack A. Rudolph, Burton M. Rudolph and R. Richard McCormick), 589
- Antihistaminic agents, Human bioassay of (Peter E. Siegler, Tibor Bodi, Marvin A. Gershenfeld, Elizabeth B. Brown, Arnold D. Ducanes and John H. Nodine), 37
- Anti-inflammatory agents, Evaluation of, in the treatment of chronic infectious asthma (S. William Simon), 460
- Aqueous extracts by cold filtration, Preparation of sterile small volume (Stephen D. Lockey), 189
- Arlacel A, Tests for biologic safety of (Byron S. Berlin), 472
- Armstrong, James G. and Kraft, Bennett: Clinical studies with isoprophenamine, a new bronchodilator with and without the antihistamine methapyrilene, 386
- Asthma, bronchial, and respiratory allergy, Resprum (librium-theophylline-ephedrine compound) in the treatment of (J. Warrick Thomas), 789
- Asthma, bronchial, Theophylline-glyceryl guaiacolate elixer (quibron®) clinical and blood level studies in, in children (Samuel J. Levin and John Weisnagel), 315
- Asthma, bronchial, Use of marax® in the treatment of (Cecil M. Kohn), 252
- Asthma, bronchitis and similar conditions, A double blind study using isoproterenol and a placebo for symptoms of (Gilbert Lanoff and Oliver Crawford), 716
- Asthma, childhood, Effects of isoprophenamine and methapyrilene in (Ernest M. Heimlich and Robert E. Smith), 517
- Asthma, chronic infectious, Evaluation of anti-inflammatory agents in the treatment of (S. William Simon), 460
- Asthma, Clinical evaluation of a new triple drug aerosol for (A. A. Goldfarb and A. Romanoff), 307
- Asthma, infectious, Microscopic studies of nasal secretions in (Martin Green and Diane Solomon), 373
- Asthma, Infectious (Oscar Swineford, Jr., E. F. Johnson, Jr., H. M. Cook, Jr. and L. Ochota), 155
- Asthma, pediatric bronchial, Use of a new elixer for prophylaxis in (Gilbert Lanoff), 238
- Asthma with repository injections, Treatment of ragweed hay fever and (Irvin Caplin, Laurence Bates and Thomas Benson), 95
- Asthmatic children, ragweed sensitive, Hemagglutination studies in (C. Collins-Williams), 486

## B

- Bacal, H. L., Pedvis, S. and Fox, Z. R.: Long-term follow-up of ragweed hay fever in children, 569
- Bacterial antigen complexes in treating patients with chronic lung disease, Five years' experience with (S. William Simon and Lila A. Rinard), 175
- Baron, H. J., Godlowski, Z. Z. and Calandra, J. D.: Histochemical mechanism of anaphylactic hypersensitivity, 437
- Barriers, Shelterbelts and (Kenneth J. Johnson), 503
- Bates, Laurence, Caplin, Irvin and Benson, Thomas: Treatment of ragweed hay fever and asthma with repository injections, 95
- Behavior disorders, allergic, convulsive and, Electroencephalographic patterns in children with (William M. Fowler, Jr., Ernest M. Heimlich, Richard D. Walter, Robert E. Smith, Herbert J. Grossman and Jo Helmy), 1
- Benson, Thomas, Caplin, Irvin and Bates, Laurence: Treatment of ragweed hay fever and asthma with repository injections, 95
- Berlin, Byron S.: Tests for biologic safety of arlacel A, 472
- Bernton, Harry S., Chambers, Dorris C. and Querry, Merle V.: Comparison of results of various tests for blocking antibody, 511
- Bioassay, Human, of antihistamine agents (Peter E. Siegler, Tibor Bodi, Marvin A. Gershenfeld, Elizabeth B. Brown, Arnold D. Ducanes and John H. Nodine), 37
- Biologic safety of arlacel A, Tests for (Byron S. Berlin), 472
- Blocking antibody, Comparison of results of various tests for (Harry S. Bernton, Dorris C. Chambers and Merle V. Querry), 511

# INDEX TO VOLUME 20

- Blood level studies in bronchial asthma in children, Theophylline-glyceryl guaiacolate elixir (quibron®) clinical and (Samuel J. Levin and John Weisnagel), 315
- Bodi, Tibor, Siegler, Peter E., Gershenfeld, Marvin A., Brown, Elizabeth B., Ducanes, Arnold D. and Nodine, John H.: Human bioassay of antihistaminic agents, 37
- Bold, Harold C., McElhenney, Thomas R., Brown, R. Malcolm, Jr. and McGovern, John P.: Algae: A cause of inhalant allergy in children, 739
- Bronchial allergic disease, Homochlorcyclizine in, of infants and children (I. Newton Kugelmass, Nathaniel Donson and Louise Samuels), 450
- Bronchial asthma and respiratory allergy, Respium (librium-theophylline-ephedrine compound) in the treatment of (J. Warrick Thomas), 789
- Bronchial asthma, Bronchotetany presenting as, in a case of chronic fluorine poisoning (Leo Spira), 115
- Bronchial asthma, human, 5-Hydroxytryptamine (serotonin) in (Raphael Panzani), 721
- Bronchial asthma of female puberty and adolescence, Effect on (Lucia Fischer Pap), 733
- Bronchial asthma, pediatric, Use of a new elixir for prophylaxis in (Gilbert Lanoff), 238
- Bronchitis and similar conditions, A double blind study using isoproterenol and a placebo for symptoms of asthma (Gilbert Lanoff and Oliver Crawford), 716
- Bronchodilator action of a combination of isopropenamine and methapyrilene in experimental animals, Pharmacological evaluation of the (C. E. Powell, R. C. Anderson and F. G. Henderson), 299
- Bronchodilator, a new, Clinical studies with isopropenamine, with and without the antihistamine methapyrilene (Bennett Kraft and James G. Armstrong), 386
- Bronchotetany presenting as bronchial asthma in a case of chronic fluorine poisoning (Leo Spira), 115
- Brown, Elizabeth B., Siegler, Peter E., Bodi, Tibor, Gershenfeld, Marvin A., Ducanes, Arnold D. and Nodine, John H.: Human bioassay of antihistaminic agents, 37
- Brown, Ethan Allan: Enapothetic treatment of inhalant allergy XVII, 126
- Brown, Ethan Allan: Enapothetic treatment of pollinosis XXII, 539
- Brown, Ethan Allan: Ragweed pollinosis. Opsiphylactic treatment of inhalant allergy XXI, 397
- Brown, Ethan Allan: Treatment of tree pollinosis by emulsified extracts XXIV, 744
- Brown, R. Malcolm, Jr., McElhenney, Thomas R., Bold, Harold C. and McGovern, John P.: Algae: A cause of inhalant allergy in children, 739

## C

- Calandra, J. D., Godlowski, Z. Z. and Baron, H. J.: Histochemical mechanism of anaphylactic hypersensitivity, 437
- Calciphylactic syndromes, Effect of cyproheptadine on the anaphylactoid reaction and localization of certain (Hans Selye, Giulio Gabbiani and Beatriz Tuchweber), 777
- Candida albicans as an allergenic factor (A. Liebeskind), 394
- Caplin, Irvin, Bates, Laurence and Benson, Thomas: Treatment of ragweed hay fever and asthma with repository injections, 95
- Certification, Some reflections on (Giles A. Koelsche), 458
- Challenges, World health (Leonard W. Larson), 233
- Chambers, Dorris C., Bernton, Harry S. and Querry, Merle V.: Comparison of results of various tests for blocking antibody, 511
- Children, A cause of inhalant allergy in: Algae: (Thomas R. McElhenney, Harold C. Bold, R. Malcolm Brown, Jr. and John P. McGovern), 739
- Children, Electroencephalographic patterns in, with allergic, convulsive and behavior disorders (William M. Fowler, Jr., Ernest M. Heimlich, Richard D. Walter, Robert E. Smith, Herbert J. Grossman and Jo Helmy), 1
- Children, ragweed sensitive asthmatic, Hemagglutination studies in (C. Collins-Williams), 486

## INDEX TO VOLUME 20

- Children, Problems associated with the use of emulsion therapy in (Donald C. Nilsson), 710
- Clinical evaluation of a new triple drug aerosol for asthma (A. A. Goldfarb and A. Romanoff), 307
- Clinical evaluation of compound NC-5 in various allergic conditions (Harry Swartz), 467
- Clinical studies with isoproprenamine, a new bronchodilator, with and without the antihistamine methapyrilene (Bennett Kraft and James G. Armstrong), 386
- Clinical trial of mitronal® (cinnarizine) in 161 patients (Lloyd S. Nelson and Albert V. Stoesser), 107
- Cold filtration, Preparation of sterile small volume aqueous extracts by (Stephen D. Lockey), 189
- Collins-Williams, C.: Hemagglutination studies in ragweed sensitive asthmatic children, 486
- Comparative serology, qualitative, Implications of (Robert K. Jennings and Morris A. Kaplan), 15
- Comparison of results of various tests for blocking antibody (Harry S. Bernton, Dorris C. Chambers and Merle V. Querry), 511
- Complexes, bacterial antigen, Five years' experience with, in treating patients with chronic lung disease (S. William Simon and Lila A. Rinard), 175
- Compound NC-5, Clinical evaluation of, in various allergic conditions (Harry Swartz), 467
- Convulsive, allergic and behavior disorders, Electroencephalographic patterns in children with (William M. Fowler, Jr., Ernest M. Heimlich, Richard D. Walter, Robert E. Smith, Herbert J. Grossman and Jo Helmy), 1
- Cook, H. M. Jr., Swineford, Oscar, Jr., Johnson, E. F. Jr. and Ochota, L.: Infectious asthma, 155
- Crawford, Oliver and Lanoff, Gilbert: A double blind study using isoproterenol and a placebo for symptoms of asthma, bronchitis and similar conditions, 716
- Cyproheptadine on the anaphylactoid reaction and localization of certain calciphylactic syndromes, Effect of (Hans Selye, Giulio Gabbiani and Beatriz Tuchweber), 777

## D

- Dexamethasone, Effect of, on histamine metabolism (El Anwer Amin Abdel Latif and Abdel Wahab A. H. El Shihi), 578
- Diphtheria, influenza and poliomyelitis immunization, Allergic reactions to tetanus (Robert E. Smith), 809
- Distribution, Pollen grains and their (James E. Stroh), 528
- Donson, Nathaniel, Kugelmass, I. Newton and Samuels, Louise: Homochlorcyclizine in bronchial allergic disease of infants and children, 450
- Double blind study involving the mixture of medications and different tablet forms (Harry A. Horstman, Jr.), 586
- Double blind study using isoproterenol and a placebo for symptoms of asthma, bronchitis and similar conditions, A (Gilbert Lanoff and Oliver Crawford), 716
- Drug aerosol for asthma, a new triple, Clinical evaluation of (A. A. Goldfarb and A. Romanoff), 307
- Ducanes, Arnold D., Siegler, Peter E., Bodi, Tibor, Gershenfeld, Marvin A., Brown, Elizabeth B. and Nodine, John H.: Human bioassay of antihistaminic agents, 37

## E

- Eczematous dermatoses, resistant, Treatment of, with a new compound, fluocinolone acetone (William C. Sawyer), 330
- Effect of cyproheptadine on the anaphylactoid reaction and localization of certain calciphylactic syndromes (Hans Selye, Giulio Gabbiani and Beatriz Tuchweber), 777

## INDEX TO VOLUME 20

- Effect of dexamethasone on histamine metabolism (El Anwer Amin Abdel Latif and Abdel Wahab A. H. El Shihy), 578
- Effect on bronchial asthma of female puberty and adolescence (Lucia Fischer Pap), 733
- Effects of isopropylphenamine and methapyrilene in childhood asthma (Ernest M. Heimlich and Robert E. Smith), 517
- Egg-sensitive individuals, Hemagglutination in sera from (Oscar L. Frick), 794
- Eisenberg, Ben C.: New antihistamine: Piperidyl maleate compound in allergic rhinitis (200 patients), 523
- El Shihy, Abdel Wahab A. H. and Latif, El Anwer Amin Abdel: Effect of dexamethasone on histamine metabolism, 578
- Electroencephalographic patterns in children with allergic, convulsive and behavior disorders (William M. Fowler, Jr., Ernest M. Heimlich, Richard D. Walter, Robert E. Smith, Herbert J. Grossman and Jo Helmy), 1
- Elixir, new, for prophylaxis in pediatric bronchial asthma, Use of a (Gilbert Lanoff), 238
- Emanuel, Benjamin and Lieberman, Allan D.: Post-vaccinal eruption, 325
- Emulsified extracts, Treatment of tree pollinosis by, XXIV (Ethan Allan Brown), 744
- Emulsion therapy, experience with, in a large medical group (Isidore Mechaneck), 29
- Emulsion therapy in children, Problems associated with the use of (Donald C. Nilsson), 710
- Enaphothetic treatment of inhalant allergy, XVII (Ethan Allan Brown), 126
- Enapothetic treatment of inhalant allergy, XVII (Ethan Allan Brown), 126
- Eruption, Post-vaccinal (Allan D. Lieberman and Benjamin Emanuel), 325
- Evaluation of a new drug combination of antihistamine, parasympathomimetic and sympathomimetic. Ragweed hay fever therapy (Albert L. Sheffer and Merle M. Miller), 90
- Evaluation of anti-inflammatory agents in the treatment of chronic infectious asthma (S. William Simon), 460
- Evaluation of skin tests with insect extracts in various allergic diseases (Emanuel Hellreich), 805
- Experience with emulsion therapy in a large medical group (Isidore Mechaneck), 29
- Expression of feelings, Skin as an organ of (Milton J. Steinhardt), 248
- Extracts, sterile small volume aqueous, Preparation of, by cold filtration (Stephen D. Locky), 189
- Extracts in various allergic diseases, Evaluation of skin tests with insect (Emanuel Hellreich), 805

## F

- Factor, allergenic, *Candida albicans* as an (A. Liebeskind), 394
- Feelings, Skin as an organ of expression of (Milton J. Steinhardt), 248
- Five years' experience with bacterial antigen complexes in treating patients with chronic lung disease (S. William Simon and Lila A. Rinard), 175
- Fluocinolone acetonide, Treatment of resistant eczematous dermatoses with a new compound (William C. Sawyer), 330
- Fluorine poisoning, chronic, Bronchotetany presenting as bronchial asthma in a case of (Leo Spira), 115
- Food allergy and head pain (Albert H. Unger), 534
- Fowler, William M. Jr., Heimlich, Ernest M., Walter, Richard D., Smith, Robert E., Grossman, Herbert J. and Helmy, Jo: Electroencephalographic patterns in children with allergic, convulsive and behavior disorders, 1

- Hemagglutination in sera from egg-sensitive individuals (Oscar L. Frick), 794
- Hemagglutination studies in ragweed sensitive asthmatic children (C. Collins-Williams), 486
- Henderson, F. G., Powell, C. E. and Anderson, R. C.: Pharmacological evaluation of the bronchodilator action of a combination of isoproprenamine and methapyrilene in experimental animals, 299
- Histamine metabolism, Effect of dexamethasone on (El Anwer Amin Abdel Latif and Abdel Wahab A. H. El Shihy), 578
- Histochemical mechanism of anaphylactic hypersensitivity (Z. Z. Godlowski, J. D. Calandra and H. J. Baron), 437
- Homochlorcyclizine in bronchial allergic disease of infants and children (I. Newton Kugelmass, Nathaniel Donson and Louise Samuels), 450

## INDEX TO VOLUME 20

- Human bioassay of antihistaminic agents (Peter E. Siegler, Tibor Bodi, Marvin A. Gershenfeld, Elizabeth B. Brown, Arnold D. Ducanes and John H. Nodine), 37
- Human serum tetanus antitoxin, Passive immunization with (Joseph J. Kraut), 198
- 5-Hydroxytryptamine (serotonin) in human bronchial asthma (Raphael Panzani), 721
- Hypersensitive patients, Allergic reactions to oral antibacterials in. Part I. (William C. Grater), 480
- Hypersensitive patients, Allergic reactions to oral antibacterials in. Part II. (William C. Grater), 593

## I

- Immunization, Allergic reactions to tetanus, diphtheria, influenza and poliomyelitis (Robert E. Smith), 809
- Immunization, Passive, with human serum tetanus antitoxin (Joseph J. Kraut), 198
- Implications of qualitative comparative serology (Robert K. Jennings and Morris A. Kaplan), 15
- Infants and children, Homochlorcyclizine in bronchial allergic disease of (I. Newton Kugelmass, Nathaniel Donson and Louise Samuels), 450
- Infectious asthma (Oscar Swineford, Jr., E. F. Johnson, Jr., H. M. Cook, Jr. and L. Ochota), 155
- Influenza and poliomyelitis immunization, Allergic reactions to tetanus, diphtheria, (Robert E. Smith), 809
- Inhalant allergy in children, A cause of: Algae: (Thomas R. McElhenney, Harold C. Bold, R. Malcolm Brown, Jr. and John P. McGovern), 739
